Practical Notes & Weather Policy

Our photo walk proceeds in overcast conditions and light rain. Please check the morning forecast and bring a compact umbrella or waterproof jacket if rain is expected. If severe weather requires postponing the session, the organizer will contact participants by email before 08:00.

The route covers about one mile on paved paths and gravel riverside walkways. Comfortable, flat walking footwear is strongly recommended for all participants. Step-free ramps are available alongside all stairs, and resting benches are situated at regular intervals along the path.
